

Team of the Month

In each magazine, we feature a Pee-Wee Team of the Month. Anything that is not high school is considered Pee-Wee or youth athletics for this feature. The Pee-Wee Team of the Month does not have to be the most successful team. The only requirement for this nomination is that there is something special happening within a team. It may be success or it could simply be that they have overcome odds set against them. If you know a team that is deserving of recognition for their specific sports season, please let us know.
